

**DCF meeting goals - Draft**

- Exchange information between the representatives of all levels of authorities in BiH and donors, development partners, on efforts to accelerate flood recovery activities and identify key issues related to the projects financing;
- Identification of projects already prepared for financing at BiH, FBiH, RS and BD BiH levels, as well as projects that are already being implemented or are under preparation for financing;
- Define the amount of already activated/approved donor resources for financing of projects, the sectors and criteria of allocation, as well as the amount of donor resources available for further allocation;
- Follow-up and reporting on realisation of activities related to mobilisation and realisation of international resources activated for flood recovery measures.

**DCF meeting conclusions - Draft**

- Ministry of Finance and Treasury, Ministry of Finance of RS, Federal Ministry of Finance and Directorate for Finance of DB BiH will coordinate activities with their respective budgetary users and secure that flood recovery projects are registered in PIMIS/Application for public investments management. It is important to notice that all flood related projects (new and ongoing) must include the prefix “SANACIJA STETA” in their project names. Deadline for updating of the ongoing projects is October 31, 2014.
- Donors will, according to the instructions distributed by the Ministry of Finance and Treasury, report on status of activated „pledged“ resources latest by October 31, 2014, and will continue regular update on new allocations, through PIMIS/ Application for Donor Mapping (DMD). It is important to notice that all flood related projects reported by donors must include the prefix “Floods” in their names;
- Ministry of Finance and Treasury will open specific section “Floods” at the official website of the Ministry as well as at the DCF website [www.donormapping.ba](http://www.donormapping.ba), enabling user friendly, public and transparent monitoring of mobilisation and realization of international resources activated for flood recovery measures;
- DCF meetings will further facilitate regular exchange of information and reporting on activities undertaken on rehabilitation of flood damages in Bosnia and Herzegovina as well as donor resources utilization, meaning that each future DCF Agenda will include flood recovery related topic;
- DCF co-chairs will meet early next week in order to prepare proposal how to monitor relevant information on usage of the flood related aid funds.
